

BOMBS away!

NUON

DVD Interactive

BOMB is sure to be the most EXPLOSIVE puzzle game you've ever played!

You'll have to blast your way through many MIND-BLOWING levels, each harder and more complicated than the last, but you're sure to get a CHARGE out of it. The object of the game is to strategically DETONATE every bomb in each level, and still leave yourself a safe place to stand!

BOMB Features:

- Full Stereo Soundtrack
- Isometric Perspective
- Special Tiles, Traps and Switches
- Internet Ranking System

BOMB

BOMB was created by Autodesk River. Cover artwork by Kevin Marra and MICHA. BOMB is a pure win-win! and an idea whose time has come. The source code can be modified if the changes are published to source form. BOMB can be distributed as NUON-coded software. The rights to the original artwork belong to its legal owner.
